BONE

72982 200x290cm

BLACK-ECRU

72983 160x230cm
72984 200x290cm

CARE INSTRUCTIONS

Outdoor floor rugs can be cleaned by washing with your garden hose, or with a damp cloth and warm soapy water. Hang outside to dry. Spot clean spills immediately, by gently dabbing at the mark. Use warm soapy water to clean water-based stains. Oil-based spills should be cleaned immediately with textile cleaning solution. Do not dry clean.

To ensure product longevity, we recommend bringing the floor rug indoors when not in use. Leaving your floor rug in direct sunlight for prolonged periods of time may result in colour deterioration.

If using inside, lightly vacuum regularly using suction only. Avoid using a brush head, as this can cause matting of the fibres. You can also shake your floor rug outside to remove dust and dirt.

Please refer to our website for more information.

CONSIDERATIONS

UNROLLING A NEW RUG Initial wrinkling and curling may be caused by the transportation and storage of the rug. This is normal and will rectify over time. Try rolling the rug the opposite way or laying it reverse side up for a few hours, this will relax the fibres and flatten the rug.
