### CARE INSTRUCTIONS

Because of PET yarn's absorbent properties, we suggest utilising this rug in covered areas and storing it indoors during rainy conditions. To ensure product longevity, we recommend bringing the floor rug indoors when not in use.

Outdoor floor rugs can be cleaned by washing with your garden hose, or with a damp cloth and warm soapy water. Hang outside to dry. Spot clean spills immediately, by gently dabbing at the mark. Use warm soapy water to clean water-based stains. Oil-based spills should be cleaned immediately with textile cleaning solution. Do not dry clean.

If using inside, lightly vacuum regularly using suction only. Avoid using a brush head, as this can cause matting of the fibres. You can also shake your floor rug outside to remove dust and dirt.

Please refer to our website for more information.

### MANUFACTURING VARIATIONS & CONSIDERATIONS

This floor rug has been handcrafted by artisan makers. Although we strive for consistency in our products, the complex nature of this process may reveal minor variations.

**SIZE** This can vary +/- 3% from the size specified.

**COLOUR** You may notice slight colour variations from samples, online, and print images. As many of our products are handmade from natural fibres and materials, there may also be minor variations between production runs and dye batches. Every effort is made to ensure these are minimal and within textile industry standards.

**POP-UPS** Pop-ups occur when fibre ends or loops wriggle loose and appear above the natural pile height of the rug. Pop-ups are common in handwoven rugs and are not considered a fault. Maintain by trimming or pushing through to the underside.
