RUG MASTER

QUALITY ANTI-SLIP RUG UNDERLAY

Suitable for use on carpets, ceramic tile, concrete, wood, laminate and vinyl floors.

Made to high quality German standards.

- ✓ Prevents floor rugs slipping or creeping on most floor surfaces
- ✓ Prolongs floor rug life
- ✓ No staining or adhesive residue
- ✓ Free of harmful substances
- ✓ Suitable for use with underfloor heating
- ✓ Provides extra cushioning
- ✓ Stops abrasion on timber or delicate floors

INSTALLATION

1. Floor should be vacuumed, clean and dry before application
2. If needed, cut to size with household scissors or a utility knife
4. Position rug underlay on the floor where you intend to place your rug
5. Use as many pieces as required to cover the size of your rug
6. Roll or lift your rug onto the underlay, working out any lumps
